GAME OF WHĀNAU LIFE RULES

LIFE DECISION:

At each dark blue square you have a life decision to make, so roll again. At each stop sign you must stop and roll the dice to see if you can move forward and in what direction.

LIFE QUESTION:

At each yellow square, draw a Life Card from the nearest pile and answer the question. If you get the answer wrong your turn ends. Get the answer right, roll again!

LIFE EVENT:

At each light blue square, take note of the life stage that you are at and follow any directions.

LIFE DELAY:

At each orange square, you must miss a turn as something in your life has slowed you down...

THANK YOU!
